

Offshore Engineering Society

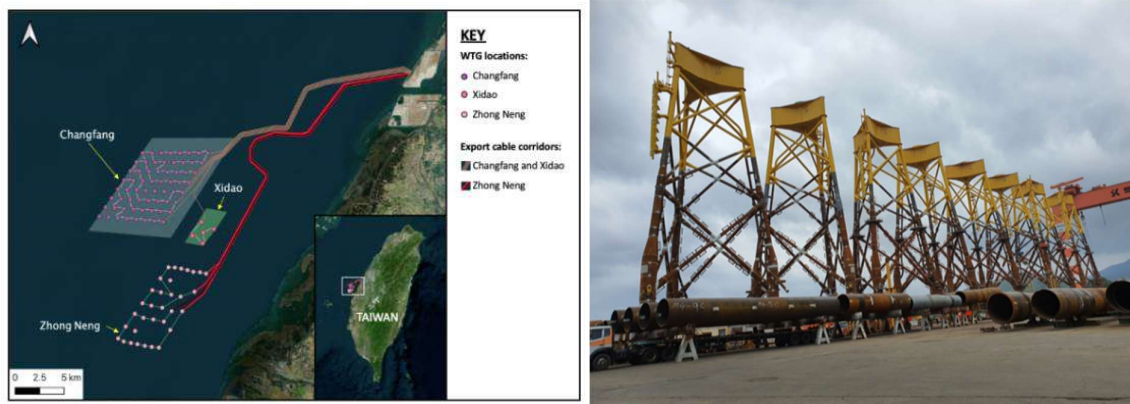

## Offshore Wind Constraints and Opportunities

Wednesday 16<sup>th</sup> June 2021 at 17:30 - Zoom Webinar

Presented by:

**Tania Moreira, Technical Director, Copenhagen Offshore Partners**

(The event is only open to OES and ICE members - Please see registration notes)

The presentation will cover the Chang Fang and Xidao (600MW) & Zhong Neng (300MW) Offshore Wind Projects in Taiwan from FEED to Construction. It will focus on the constraints and opportunities of developing projects in new markets with particularly challenging site conditions, prone to earthquakes and typhoons combined with very high supply chain content.

**Speaker: Tania Moreira, Technical Director at Copenhagen Offshore Partners**

Copenhagen Offshore Partners Technical Director with more than 17 years of professional experience and a successful track record of managing engineering teams through challenging major projects in Europe, Asia and South America, involved with research and development of new technologies.

Prior DNV Manager responsible for Renewables Certification projects and business development activities in Europe and APAC.

Before joining DNV GL, Tania engineered several offshore wind farms as part of the Ramboll Global Energy unit.
